RE: Letter of Reference – Hi-Tower Specialty Oilfield Services

I am pleased to provide this letter of reference for Hi-Tower Specialty Oilfield Services.

In 2019, Hi-Tower Oilfield Services was awarded our Rural Road landscaping program for remedial work on selected Country Residential Subdivisions. This program consisted of repairing a multitude of landscaping deficiencies including but not limited to: lack of grass growth, uneven ditches, erosion, ruts, and repairing steep ditch angles. Strathcona County was very satisfied with their work and has no reservations extending their contract.

Hi-Tower Specialty Oilfield Services was a pleasure to work with. They strived to complete the work in a timely manner while paying close attention to details and quality. They were knowledgeable and had competent employees on site at all times. What stood out the most was how proactive they were in dealing with issues on site and going the extra-mile to alleviate resident concerns. They were respectful to residents and responded to County and resident inquiries in a timely fashion.

Hi-Tower Specialty Oilfield Services is a well-qualified contractor and takes pride in achieving excellence in their work. Should you require further information, please don't hesitate to contact me.

Yours Truly,
